

SUNSET CLIFFS CLASSIC

Point Loma Nazarene University
San Diego, CA 92106

October 20-22, 2023

POINT LOMA
NAZARENE
UNIVERSITY

Dear Colleagues:

The Point Loma Nazarene University forensics squad is pleased to invite you to our annual **SUNSET CLIFFS CLASSIC** Invitational forensics tournament. The tournament will be Friday through Sunday, October 20-22, 2023. We hope you can come enjoy our beautiful seaside campus and the typically sunny weather.

We will offer open and novice division competition in all eleven AFA individual events (collapsing some events and or divisions should numbers so dictate); four preliminary rounds of Novice, Junior and Senior divisions of IPDA, TPDA and NPDA Parliamentary Debate with appropriate elimination rounds; four preliminary rounds of junior and senior divisions of NFA LD debate if numbers allow.

- **SPECIAL TPDA TOURNAMENT OF CHAMPIONS:** We will be accepting bids and choosing 10 top bids for folks competing in our first annual TPDA Tournament of Champions on Friday, October 20th. We will provide catered meals, participation gifts, three judges per round, and an amazing experience to celebrate 10 top TPDA teams on Friday, Details available in a separate invitation from the Tournament Director. Teams can submit a bid for one two-person team and one quality judge, by September 22nd, 2023. Obviously judges and team members competing in the Round Robin, will not be able to judge or compete in other Friday events. This event is meant to celebrate the competitors and provide them with excellent competition and feedback, and of course nice meals and swag. Since TPDA is new in our area, feel free to pair up two of your top IPDA debaters into a good team. We hope others try the team event on Sunday.
- **Electronic Debate Balloting:** IPDA, TPDA, NPDA, and NFA LD will again be using electronic ballots. Judges for these debate formats are required to have an electronic phone or tablet or lap top capable of receiving emails to qualify as judges, and please bring a charger. Judges should not be on-line during the actual debate rounds though, for any reason, including but not limited to social media, fact checking, etc. . . You may flow on your electronic device if you are a judge. This added note: *Additional instructions about email balloting will be provided once registration has closed. However, please ensure that you supply an email address and cell phone address in the judge notes for each judge you enter AND please be sure it is an email and phone number that can be accessed throughout the tournament.*
- **Topic Areas and Recommendations:** You are encouraged to provide a list of debatable, fairly worded resolutions for tab staff to consider for all formats of debate, except NFA LD which is of course locked in to one topic for the year. There are ballot issues on the California ballot during this time frame, so some of those topics may be debated in various events.
- **Some noteworthy attractions of the Sunset Cliffs Classic include:**
 - Strong competition with diverse regional and national representation and quality judging.
 - A picturesque ocean front campus.
 - Two \$3,000.00 scholarships for the top community college competitors (one each for debate & IE's) for tuition remission at PLNU the following year.
 - Attractive trophies.
 - Enjoyable food nearby, and especially in the judge's area for judges and coaches.
 - Did I mention the ocean proximity and view? It bears repeating.
 - No guarantee on chamber of commerce, postcard weather, but it will likely be better than where y'all come in from. ☺

Please let me know of any questions or concerns.

2023 Sunset Cliffs Classic

ENTRIES

Any regularly enrolled undergraduate in a recognized two-year or four-year college program carrying 6 or more units is eligible to participate. All programs entering must be officially representing the schools in which they are enrolled. Any contestant may enter up to 2 IEs per pattern OR Lincoln-Douglas debate on Friday, plus one NPDA or TPDA debate on Saturday, IPDA entry on Sunday! So LDers may do NPDA, TPDA and IPDA also, but not IEs.

RULES

AFA, NFA, IPDA and NPDA regulations will govern their respective divisions, unless specified elsewhere in this invitation or deemed necessary by Tournament Director in unique situations. Procedures described in this invitation will prevail over NPDA, IPDA, NFA, PSCFA and/or AFA and other organizational rules if conflicts exist. Please note that our divisional qualifications may be more restrictive than AFA, NFA, or NPDA. In debate, we will allow hybrid teams and three person teams to compete if necessary to allow more students to participate, though no more than two may compete during any given round. No individual may debate without a partner except in LD or IPDA. Additionally NPDA requires that all participants be certified as having completed the anti-harassment training, so coaches and directors please be able to verify that this has been done. We will also honor such requirements should other organizations have them in place as of September, 2023.

ENTRY DEADLINE

While we would like to encourage early entries, **all entries must arrive no later than 5:00 p.m. on Tuesday, October 17th, 2023.** PLEASE, PLEASE, PLEASE do not have numerous changes beyond the deadline. **Please double-check the web registration list before you come! We will not add entries after Tuesday. Schools still owing fees from previous years must satisfy these debts before being accepted for this year's tournament. Judges must honor out round commitments.**

PARLIAMENTARY DEBATE - NPDA Format

Special note on debate judge registration: Please enter judges' e mail address for ballot dissemination, and Judging Philosophies for all Parli debate judges through registration. These added steps will help the tournament run more smoothly and on time, and provide a more pleasant round experience for debaters and judges alike.

Divisions – We will try to offer three divisions of NPDA Parliamentary Debate: Novice, Junior and Senior. Novice debaters are limited to true novice debaters, with no more than one full semester of competition in any level of education though they can be in their second semester, and a semester will be counted if the debater competed in at least three tournaments. Junior debaters may have up to 4 semesters of college debate and should not have advanced to more than three elimination rounds in Junior or Senior competition. Any debater that has advanced to

the elimination rounds in debate at NPDA, IPDA, NPTE, NDT, Phi Rho Pi or CEDA Nationals is considered to be a Senior Division debater, regardless of the other partner's experience. Senior debaters are limited to students with 10 or fewer semesters of collegiate competition and who still maintain NPDA eligibility. Divisional eligibility is determined based upon the most experienced partner. A semester means the student has competed in three or more college tournaments of any style of debate. PLNU students may compete, but not be eligible for sweepstakes awards.

Constraints - Although we strongly discourage judge strikes at a pedagogical level, we also recognize that in certain exceptional circumstances there may be extreme personal discomfort or disagreements or long-standing conflicts or perhaps even perceived personal animosity within such a community. As such, each school will be allowed, if they feel they really must, to lodge up to four unexplained constraints for their school from particular judges (not 4 per team) in NPDA debate, wherein we will attempt to keep a particular judge from hearing your Senior debate teams if you advise us of these constraints through the Contact the Tournament tab on the web registration program by Wednesday at noon PST prior to the tournament. No additional constraints will be added later even if new judges need to be added later. All regular school and divisional constraints are of course appreciated.

So please constrain your judges from listening to teams or debaters they have **recently** coached, dated, owed money to or are due money from, or been teammates or roommates with, etc. Likewise, if your debater has a situation we should know about, or your significant other coaches another team and it might have even the appearance of bias, let us know that as well. Thanks for understanding. The tournament reserves the right to refuse the services of judges under unique and extreme circumstances or to remove them from the tournament if deemed necessary or advisable. Judges should be advised against ever berating or being rude or discourteous to others in the tournament environment, or behaving in ways contrary the school's or governing bodies' anti-harassment policies.

Logistics

Disclosure: For time management reasons, oral critiques immediately following the debates, if provided, may not exceed 5 minutes from the end of the last speech if that organization's rules allow it. Ballots must then be returned immediately. Please help us keep on schedule. Delays attributed to coach/judges may at the tournament director's discretion result in penalties to that school's team(s), including automatic losses or removal from the tournament. The tournament will offer on line warm room disclosure in accordance with NPDA nationals practice as a further check of accuracy for the tab room and transparency for the competitors.

Preparation Time: Topics will be announced in, at or near Crill Performance Hall or Cabrillo Hall. We allow 20-minutes for preparation and travel time to the competition room in NPDA and 30 minutes for IPDA and whatever TPDA allows. Pre-written materials may be used in preparation but not consulted in the actual debates for NPDA. Whatever notes are consulted in the debate itself must have been written only by that debate's actual competitors either during the preparation period, or during the round itself. A written set of current NPDA rules may be referenced in round as at Nationals. While coaching is not banned, it can only occur once the coach has secured their ballot for that round and may not result in a delay of the commencement of any round. Judges must start their rounds on time. NPDA practice of Flex Time will be followed with two minutes provided for questioning by the other team following the first two constructives; one minute following the MG Constructive and one

minute following the Opp block. Any remaining time after questions by the non-speaking team may be used as prep time at the decision of the team to speak next.

Forfeiture: A 5-minute forfeit rule will be enforced. If either partner is more than 5 minutes late (even due to participating in IEs) the critic is asked to forfeit that team immediately and to so notify the tabulation room. Participants or their representatives are all responsible to be present for timely topic announcements. Failure to be there on time will not result in longer preparation time.

Preparation Rooms: Government teams have no preferred access rights to the use of their preparation room during the preparation period, though prepping teams must allow them access during the last five minutes of the preparation period to set up. Likewise, judges should not enter until five minutes prior to prep time elapsing to allow the team or teams to prepare. Additionally, each team is responsible for maintaining clean rooms at all times, as these same rooms are used for competition. Teams may be charged a steep cleaning fee if rooms are left dirty. Tab will attempt to assign designated prep rooms, so let Konrad know if you have a preference from past years so we can try to honor that.

Judges and Ballots: Judge changes from pushed ballots will be announced when possible and or posted on line, but in order to keep to schedule, it may be necessary to move ballots after prep time has started negating chances to notify effected parties in a timely manner. We hate this practice, but hate late delays more. Judges please pick up or confirm ballots in a timely manner, or your teams may be penalized or removed from competition. In fairness to teams who are encouraged to read your judging philosophies on line at forensicstournament.com, we wish to minimize pushed ballots. Such ballot pushes delay an already long day. Electronic balloting in some formats has helped to alleviate many of these difficulties. We do expect to post changes on line as well, if time allows.

PARLIAMENTARY DEBATE - IPDA and TPDA Format

Eligibility Differences: IPDA/TPDA Debaters must meet the IPDA eligibility standards published on their homepage for the various divisions. Novices are allowed to be in 8 or fewer tournaments including this one and also including their high school experience. Juniors may have competed in up to 16 tournaments including this one and high school competition. Senior division are for those with a desire to go senior, or who must move up due to 16 prior tournaments. This means all formats of debate, not just IPDA. And any college student enrolled in a degree may compete.

Judging Differences: IPDA/TPDA could be judged by any critic at least 18 years old regardless of experience or credential. Some IPDA critics may have little to no experience, so debaters should thoroughly explain concepts and weigh impacts in the round.

Stylistic Differences: Cleaner, clearer speaking styles seem to work better than quicker, tech or higher speed styles for many traditional IPDA/TPDA judges. Avoid gamey, techy tactics. Kritiks, Topical Counterplans, etc. . . are frowned on by the IPDA community, and some regulations. Please review their homepage for details.

Time differences: No additional prep time is allocated beyond the 30 minutes of prep following reading of the topic, which by the way is negotiated by the debaters as each can strike two of the

five resolutions provided per round. Judges should factor time violations into their decision calculations.

Special Note for TPDA. We will be abiding by the IPDA/TPDA custom with regards to divisions. In IPDA we will offer Nov, Jr, and Senior Divisions, assuming the entries warrant, which it has in the past. But TPDA is only in one Open division. TPDA counts as a second tournament for those counting numbers of tournaments for eligibility. So novices and juniors can enter Team, and should, but it will count as one tournament against eligibility calculations. Probably no big deal for us, as we do not have all that many tournaments for IPDA in our region this year.

INDIVIDUAL EVENTS

Students may not have competed with the selections in any interscholastic competition prior to September 1, 2023. PLNU students may compete. **Students may not enter more than two events per pattern.** Due to the layout of the campus and the arrangement of the schedule, no exceptions can be made. If a student is mistakenly entered in more than two events and we are unable to clarify the error with the coach in a timely manner, we will randomly remove the student from one or more of the remaining events. In accordance with Phi Rho Pi and PSCFA regulations Duo Interp may include genres other than just drama. Students must choose between competing in NFA LD and IEs since they compete during the same time periods. Do not enter both.

Novice Division I.E.'s

A student who has not won 1st, 2nd, or 3rd Place twice in an event or like event in which a final round occurred. Students competing in an event which is similar; must be eligible for novice in all of those similar events. (Platform, Interp., Limited Prep). As an example; a student who must be in Open Division in Prose, must also be open in Poetry, even if they have never competed in Poetry. Anyone who has won Gold, Silver or Bronze (or the equivalent) at Phi Rho Pi or any other major national tournament (in college or high school) is not a novice in that event or similar events.

LD debaters may not enter any Individual Events at all, and if they mistakenly enter they will be removed from the individual event(s) by the tournament. Extempers may double enter in IEs at

their own risk, but must compete in both events in the required time frame. We do not revise Extempers' speaking times to accommodate double entry, expecting instead that speakers will work their other speaking times around extemp. The following events will be offered in open and novice divisions of competition (though this tournament often maintains novice in only Imp, Ext and Prose:

Pattern A – Extemp, Informative, After Dinner Speaking, Prose, Poetry.

Pattern B –Impromptu, Persuasive, CA, Drama, POI, and Duo Interp.

Computerized Debate or Extemp Files – Debaters or Extemporaneous speakers may use any and all electronic information retrieval systems (that are legal of course) during preparation times (this will not include Flex time in Parli should we offer it at any time). Attempts will be made to provide guest access to the internet through the school's servers but no assurances of such access can be guaranteed. Access has been good in recent years. This rule may be inconsistent with other governing national forensics organizations, but due to rapidly changing tech advances and the inability to effectively police transgressions of alternative restrictions, we feel this approach is more realistic, and fair to providing a more even playing field. Extempers' preparation work is still to be their own of course, not coached or helped by friends, coaches or outside sources.

LINCOLN-DOUGLAS DEBATE

The 2023-2024 topic will be debated. Please note that NFA L/D is a communication-oriented event, and that a description of the event, topic, and rules may be found on the web at the NFA/LD home page. **L/D debaters may NOT compete in any other IE's in Pattern A or B.** This will help the tournament run on schedule and contribute to the wellness of those involved in LD. We will attempt to follow NFA LD rules and procedures.

ENTRY FEES

The following fees will be assessed at the tournament:

\$30.00 School Fee	\$10.00 per Individual Events slot (Duo = one slot).
\$75.00 per NPDA Team	\$25.00 per LD Debater
\$25.00 per IPDA Debater	\$75.00 per TPDA team

JUDGING

Commitment - Each Individual Events judge can cover up to five IE slots or portion thereof per pattern, and each debate judge can cover up to two NPDA teams and two IPDA entries or LD entries. Judges must be qualified to judge the level of competition at which their school's competitors are entered. Judges with any remaining eligibility in a given division are not deemed qualified to judge within that division for NPDA and NFA LD, though IPDA have not such restrictions. Teams may not strike judges, but do read the constraint policy noted earlier for Senior NPDA Debaters. Please alert us to all judging constraints with registration, or in a separate E Mail. We need to know former coaches of your competitors, and competitors or schools which your judges cannot judge. We ask for a four year separation per NPDA Nationals requirements. If you have both IEs and LD, please let us know what your judges prefer to judge when these two conflict.

Judging Fees - Uncovered entries will be assessed on the following basis:

\$10.00 per uncovered Individual Events slot.

\$100.00 per uncovered NPDA, and TPDA debate entry.
\$50.00 per uncovered LD or IPDA spot. LD judges may need to be assigned IE ballots from larger entry schools to help the pool to cover these events efficiently.
\$50.00 per judge drop fee in addition to any uncovered fees for late judge drops, following the tournament entry deadline.

Notice on Judge Shortage - We REALLY want you to bring your judges, not your money. We will even try to hire some qualified judges that you bring beyond your commitment. Please alert us to the availability of these additional judges for hire with your entry. Due to a shortage of debate judges it will be necessary for each school to cover at least your first two teams (with rare exceptions). We will attempt to find judges to cover additional teams, but we reserve the right to refuse uncovered teams. We will pay \$15.00 per NPDA, TPDA and IPDA debate round and \$15.00 per individual event round and NFA LD round for judges we hire. We will need your hired judges W-9s and the payment checks will be sent to hired judges within 30 days, hopefully much sooner.

Reminder - All judges are obligated to fulfill judging requirements. This means NPDA, TPDA and IPDA Parli debate judges are needed until at least Elim Round Two and at least one round beyond their last remaining team's elimination. An individual events judge is committed through finals. Meeting your professional commitment is essential to this tournament. In the rare instance when a judge cannot attend Sunday for elimination rounds, clear it first through the tournament director. Please arrive at least 15 minutes prior to topic announcement time for debate and 15 minutes prior to the commencement of IE rounds. Failure to cover judging obligations may result in future year judging bonds. Thank you all.

SCHOOL SWEEPSTAKES

Sweepstakes Awards will be presented to schools in both two-year and four-year school divisions. Sweepstakes points will be based on the following formula:

IE: 1st Place = 10 points Finalist = 4 points
 2nd Place = 8 points Semifinalist = 2 points
 3rd Place = 6 points

LD Double the IE formula above (based on longer speaking time, more rounds, and further restrictions against double entry placed upon LD debaters.

NPDA and IPDA and TPDA: -- Each preliminary win = 5 points for NPDA and TPDA, 4 points for IPDA preliminary win (regardless of how many teams in a division). Teams earning less than 2 wins in NPDA and IPDA/TPDA debate receive no sweepstakes points.

-- 5 additional points for each team advancing to the initial elimination round for NPDA and TPDA, with 4 points for IPDA (regardless of how many teams advance per division).

INDIVIDUAL SWEEPSTAKES

Awards for the top five open competitors will be presented for the most aggregate number of sweepstakes points earned by individual events competitors. The formula used for calculating individual sweepstakes is identical to the formula used for school sweepstakes for individual events.

PARKING

Stop at the main gate as you enter the campus. You will be directed to the commuter parking lot and will be given a map of the campus. Please do not to use the main commuter lot on Sunday Morning. We must reserve it for the use of First Church members, per our university's contractual agreement for shared use of facilities between the University and First Church. There are many other free parking spaces.

FINAL NOTES

POINT LOMA NAZARENE UNIVERSITY POLICY PROHIBITS THE CONSUMPTION OF ALCOHOL AND/OR CONTROLLED SUBSTANCES, OR SMOKING ON CAMPUS. THANK YOU FOR YOUR KIND CONSIDERATION.
