

I'd like to formally nominate Megan Smith of Louisiana Tech University for Bennett Strange Coach of the Year.

Megan is much more than a coach. She is a friend, a confidante and a support system for her students and for the debate circuit as a whole. Megan throws herself into her work and is open to collaboration and teamwork to get things done right the first time. She works hard for her team, and it shows in her presence and what her team can do thanks to her abilities as a coach. Her work for the IPDA community is something to be admired, and I believe she would be a great representation of the Bennett Strange Coach of the Year award and what it means to our community.
